Discussion items

Time	Item	Who	Notes
30min	Monthly Donorship	Sanket Sharan	Betterplace does provide a monthly subscription system. A Betterplace project needs to be set up for this and it can be used for monthly donations. Sanket Sharan will check setup up the project and test the service first.
30min	Raising Asha Frankfurt Awareness	Sanket Sharan	After the Betterplace monthly subscription has been successfully tested, we could create a small (under 3min) video for this page and in general (i.e. can also be used for Asha Frankfurt home page and anywhere else). This will help raise awareness about Asha. We need to involve the volunteers in the video to promote and speak about Asha. We need a good camera and a microphone, and someone with a decent filming /directorial capability. Our new member Charusheela would help us with her "limited" editorial experience .
15min	Online Meetings	Pavan Eswara	A Skype meeting has been setup and needs to be tested. After it has been tested, the idea is to alternate between online and physical meeting every two weeks. This is because it would be inconvenient and disturbing (to us and the others others) to have a Skype meeting in a restaurant.
15min	Food Event	A//	We need to decide on a good date to host this years food event and then check with Weltladen (or any other place) to see if the venue is available for hosting the event.

Action items

- Sanket Sharan will setup the Betterplace project for monthly donations.
- Pavan Eswara shall test the Skype meetings.
